The Department of Physics in the Faculty of Science, UAEU organizes a Workshop in MATLAB (widely used in areas of signal and image processing, communications, satellites, engineering, physics, and geology) as part of the UN/NASA/ESA/UAE Workshop on the International Heliophysical Year (IHY) 2007, for the duration 20-23 November 2005.

Instructor: Dr. Alexander Haubold, Department of Computer Science, Columbia University, New York, USA.
Teaching Media: English
Time: Monday & Tuesday 21st & 22nd November, 2005, 2:15 to 6:30 pm
Venue: Maqam Campus, Building 43, Lab 6
Website: http://www.ihy.uaeu.ac.ae
Teaching mode: interactive with hands on experience
Further information: can be obtained from the Department chair, Professor Hamid Al-Naimiy (halnaimiy@uaeu.ac.ae) or the workshop coordinator, Dr. Bashar Issa, Physics Department, b.issa@uaeu.ac.ae, Tel. Office 03 7134 424, Mobile 050-3343245
